Ahmed Alaa

Objective

A Junior Web Developer enthusiast who is passionate about Software Engineering **Looking For and opportunity in Web Development Field,** Adept technical professional with a variety of skill sets.

Work Experience

Frontend Instructor Assistant OCT 2023- Present (part time)

- currently conduct two weekly online meetings with each student group, focusing on equipping them with the necessary skills for frontend developer roles. Additionally, we convene in person in Cairo for semi-final and graduation project discussions, during which I provide feedback and engage in discourse with the students.

- Throughout the diploma program, we follow a structured curriculum covering the following topics:
  - HTML & CSS   - Git & GitHub   - JavaScript (ES6)
  - Bootstrap - jQuery - React - React Router - Redux Core & Redux Toolkit - Axios Http Request.

- How to deploy Projects on Real Domains and Hosting as well as how to behave in Drop times.

- In addition to technical instruction, we organize non-technical online sessions covering essential professional development topics, including:
  - Crafting Effective Resumes and CVs
  - Leveraging LinkedIn for Personal Branding Success
